Memo to File:

Re: #2 Diesel Spill at Ruan Transportation Co.

At 9:45 A.M. this office received a report of a diesel fuel spill at 3600 S. Lone Pine (Ruan Transportation Co.). Upon investigation it was found that while filling the saddle tanks on one of their trucks, the pump failed to turn off and overfilled the tank. Approximately 75 gallons of #2 diesel fuel was lost. The spilled material was absorbed into their parking lot (the parking lot area is of limestone gravel). No clean up was necessary. The dispatcher, Mr. Still, was informed to report the spill to D.N.R. and E.P.A. He said he would do so.
